Career Zone – Lifelong support

We're excited to remind you that your journey with us doesn't end at graduation. As a valued member of our alumni community, you have lifelong access to the Career Zone (CZ) team **for free**. Containing a wealth of resources designed to support your career growth.

What's in Store for You?

- **Exclusive Access to Career Zone (CZ) Platform:** Tap into a rich repository of support, job opportunities, networking events, and much more, all through the CZ link.
- **Personalized 1-to-1 Support:** Schedule appointments for personalized career guidance with our dedicated Alumni Career Consultant. Reach out to Andrea PT for assistance in setting up these valuable sessions.
- **Engaging Events and Workshops:** Stay abreast of industry trends and develop new skills through a variety of events and workshops, exclusively available to you.
- **Job Opportunities & Networking:** Connect with a vast network of professionals and access tailored job opportunities to propel your career forward.

Remember, the Career Zone is more than just a service; it's a community that you're a permanent part of. Whether you're looking to make a career change, seeking advice, or simply want to stay connected with the UEL community, we're here for you every step of the way.

Pareto

Pareto is a Randstad company that takes a unique approach to sourcing, assessing and placing graduates, helping them to kickstart their careers. As the market leading sales recruitment company in the UK, they aren't your standard recruitment agency and have a team dedicated to the assessment, placement and training of sales graduates globally across all industries and roles.

Pareto specialises in sales roles and take people with high potential, provide them with globally recognised accredited training, and place them into positions where they can excel.

If you are interested in understanding more about these opportunities and attending one of their assessment centres, please contact Hannah White at - hwhite@pareto.co.uk to start the application process.
