STEM CHALLENGE STATS

The GUH Stem Challenge regionals bring together schools from across the UK to compete for a place in the finals.

The sessions are delivered by a Smallpeice Trust educator. They provide students with STEM enrichment linked to the National curriculum and give the opportunity to build essential skills.

The STEM Challenge highlights the engineering design process, the underwater industry and key environmental themes.

90% of students involved in the regionals, gained an appreciation of what engineers do

Over 300 students benefitted from STEM Challenge in 2024

In 2024, the GUH STEM Challenge visited 6 different areas across the UK. These were Blyth, Bristol, Glasgow, Inverness, Manchester and Southampton.

At the regionals, over 40 different schools were represented. With the winner of each progressing to the STEM Challenge Final, held in Aberdeen.
