

Global Underwater Hub

Subsea Springboard 2026

Tuesday 18 August 2026

GUH Westhill

A launchpad for innovators

Global Underwater Hub
is the leading trade and
industry development
body for the UK's
underwater sectors.

Owned and governed by industry, Global Underwater Hub represents, promotes and supports all sectors of the underwater industry. As the UK's underwater industry organisation, we support our member companies by enabling access to market opportunities, expertise, contacts and specialist support to accelerate market growth and build value.

Subsea Springboard 2026

Tuesday 18 August 2026

About this event

Join Global Underwater Hub (GUH) for **Subsea Springboard**, a focused, high-impact pitching event designed to connect innovative subsea technology developers with oil and gas operators and senior contractor representatives.

This exclusive session provides an opportunity for companies to showcase new technologies, products, services, or approaches directly to a panel of industry decision-makers and influential supply chain leaders. In addition to the pitching session, participants will benefit from dedicated networking opportunities, enabling them to build valuable relationships, exchange ideas, and explore future collaboration and commercial opportunities.

Why Participate?

The UK subsea supply chain is internationally recognised for its expertise, innovation, and contribution to economic growth. Subsea Springboard builds on this strength by creating a direct platform for technology developers and solution providers to engage with end users and industry leaders.

By participating, companies can:

- Present innovative technologies and solutions directly to a panel of operators and senior industry leaders
- **Gain valuable feedback and insights** from key decision-makers
- **Raise their profile** within the subsea and offshore energy community
- **Expand their professional network** and establish new industry connections
- **Explore collaboration, partnership, and commercial opportunities** across the supply chain

Pitch Themes

Presentations will showcase new, emerging, evolving, or disruptive technologies and approaches in areas including:

- Decommissioning
- Pipelines
- Late-life asset extension
- Subsea controls, production, and Inspection, Repair & Maintenance (IRM)
- Cross-sector technology transfer and innovation

Subsea Springboard offers a unique opportunity to accelerate visibility, engagement, and industry adoption of innovative subsea solutions.

Subsea Springboard 2026

Tuesday 18 August 2026

Judging Panel

The judging panel includes Operators and Developers from the Global Underwater Hub Operators Forum which includes: **Adura, Boskalis, bp, CNOOC, DOF Subsea, Harbour Energy, Ithaca Energy, NEO NEXT+, Serica Energy, Well-Safe Solutions.**

Subsea Springboard 2026

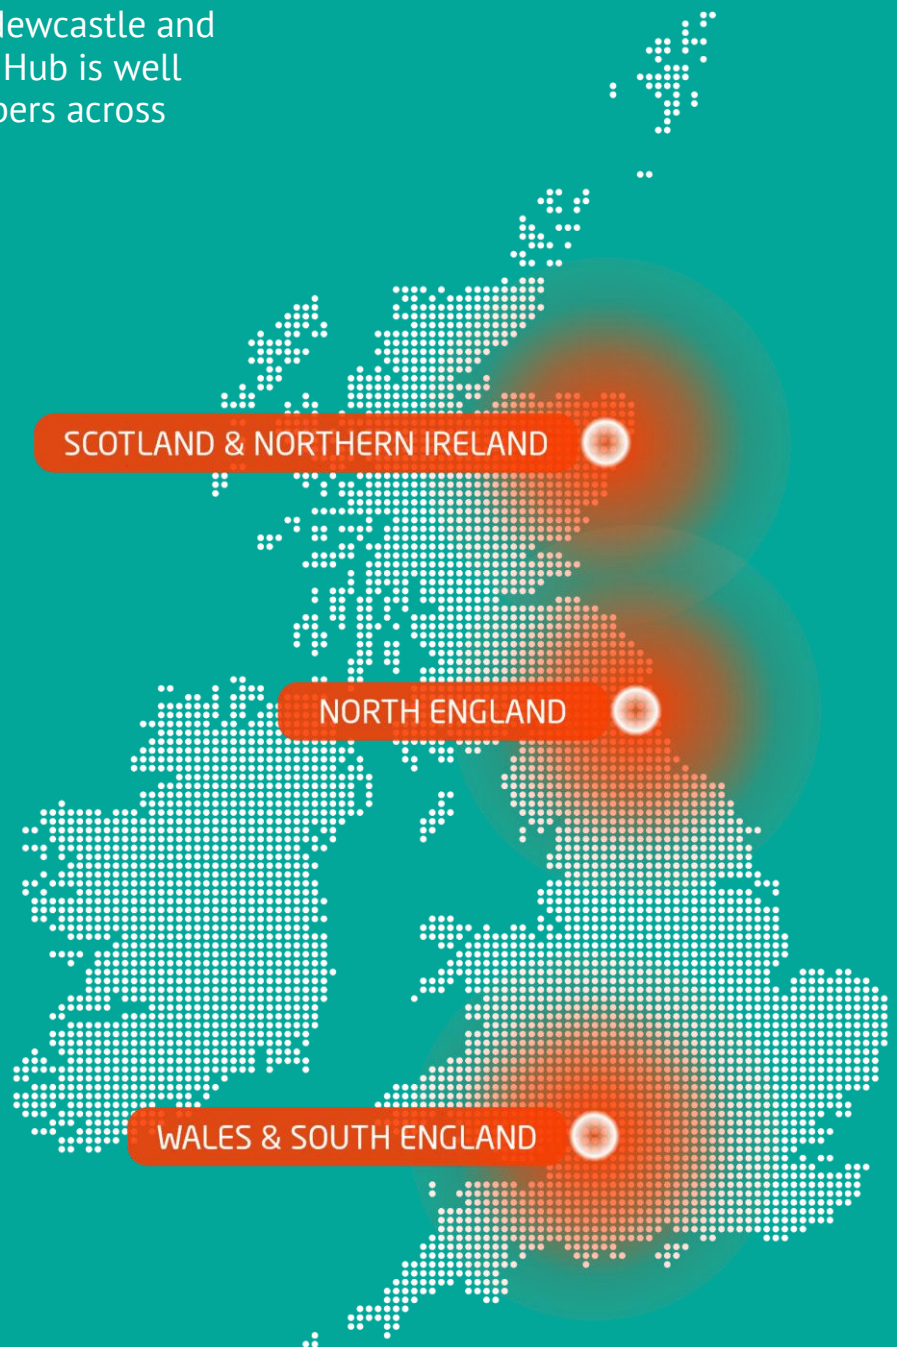

Tuesday 18 August 2026

Programme

07:45 – 07:55	Registration and refreshments
07:55 – 08:00	Opening remarks – Global Underwater Hub
08:00 – 08:12	Presenter 1
08:12 – 08:24	Presenter 2
08:24 – 08:36	Presenter 3
08:36 – 08:48	Presenter 4
08:48 – 09:00	Comfort break
09:00 – 09:12	Presenter 5
09:12 – 09:24	Presenter 6
