Global Underwater Hub
is the leading trade and
industry development
body for the UK's
underwater sectors.

Owned and governed by industry, Global Underwater Hub represents, promotes and supports all sectors of the underwater industry. As the UK's underwater industry organisation, we support our member companies by enabling access to market opportunities, expertise, contacts and specialist support to accelerate market growth and build value.

Cables Conference 2026

Wednesday, 9 September 2026

Conference overview

Global Underwater Hub's annual Cables conference returns for its 2026 edition in **September** and will once again drive discussion on a core aspect of offshore renewable energy development and in building energy security worldwide.

Cables 2026 will take place at the **Energy Central Campus in Blyth** on **Wednesday, 9 September**, bringing together key stakeholders from across the cable and energy industries. Attend this leading UK conference and learn about the latest developments in cables and interconnectors manufacturing and protection, understand challenges around installation, inspection and maintenance, and discover more about planned projects and the size of the market opportunity.

This year's conference programme will focus on three key themes, with sessions centred around the following areas:

- **HVDC/Dynamic Cables**
- **Operations Maintenance/Repair**
- **Future Innovations**

The day offers an opportunity for you to:

- **Expand your knowledge:** Learn about the latest market trends, new technologies and best practices in the offshore wind and subsea cables industry.
- **Gain market insights:** Receive an update on planned offshore wind projects globally and where market opportunities lie.
- **Enhance your skills:** Discover what challenges and opportunities are currently facing different stakeholders within the industry and participate in discussions that can help to advance current thinking.
- **Build you network:** Meet and network with contacts from across the subsea cables industry and energy sector.
- **Stay competitive:** Gain market insight, build knowledge and understanding, and make new connections within the offshore energy and subsea cables industries.

Cables Conference 2026

Wednesday, 9 September 2026

Pre-Event Programme

Ahead of the conference, a number of pre-event activities will be held a day prior to the conference on **Tuesday September 8th in Blyth**. Spaces will be allocated on a first come, first served basis. Details of how to reserve your place will be provided once you have booked your conference ticket. The session forms part of your conference delegate registration fee.

Site Visits

All delegates to Cables 2026 have the opportunity to attend **site visits** taking place on the morning of **Tuesday, 8 September**. We are delighted to offer the opportunity to tour the fantastic facilities at **JDR Cables** as part of this package.

1:1 Networking Session

All delegates to Cables 2026 will have the opportunity to take part in our **Curated 1:1 Networking Sessions**, taking place in the afternoon at Energy Central Campus.

These quickfire 10-minute meetings will provide delegates with the opportunity to connect directly with a selection of end users and key industry players.

Drinks Reception

On the evening prior to the conference, **Tuesday, 8 September**, a **welcome drinks reception** will be held at our Drinks Reception & Supporting Sponsor **Harlyn Solution's** premises, offering an excellent opportunity to network with delegates, speakers and sponsors.
