SPLASH ZONE

For asset owners, critical items of equipment such as vessel hulls, jacket members, drilling conductors, production risers and caissons have varying integrity risk profiles and are managed by different functions which may mean some aspects are overlooked. Assets are often unique, increasing complexity for owners to maintain integrity through inspection and maintenance campaigns or in the worst case to rectify damage.

The event will bring together key industry stakeholders in a format designed to share experiences on the challenges encountered, new methods / technologies being deployed and identify future needs.

Ahead of the Splash Zone Conference, Global Underwater Hub is holding the 2026 edition of its Offshore Structural Integrity Management Conference, on Wednesday, 22 April, also at The Chester Hotel in Aberdeen.

You can buy a combined ticket for both events.

TICKETS

£100 +VAT FOR GUH MEMBERS

£200 +VAT FOR NON MEMBERS

TICKET PLUS SPLASH ZONE

£208 +VAT FOR GUH MEMBERS

£368 +VAT FOR NON MEMBERS
